FELLOWSHIP OPPORTUNITY– Summer 2019 *(optional Fall 2019 support available)*
Transboundary Animal Disease Workforce Development Program
Biosecurity Research Institute

The Biosecurity Research Institute (BRI) is accepting applications for up to 5 research fellowship positions in our 3rd cohort for the Transboundary Animal Disease (TAD) Workforce Development program. The fellowship is designed to foster the development of research scientists to safely plan and execute research on TADs in BSL-3, BSL-3Ag, and BSL-4 environments. This collaborative opportunity will leverage the expertise and resources of the Biosecurity Research Institute and the Department of Diagnostic Medicine/Pathobiology in the College of Veterinary Medicine to train next generation **Ph.D., DVM, M.S., M.P.H., and post-doctoral researchers** to work in high and maximum-containment environments on a variety of TADs. The experience available through this program will help address the critical need for a skilled workforce that will be required when the National Bio and Agro-Defense Facility (NBAF) opens in Manhattan, Kansas.

Program Dates
May 27 to August 9, 2019 with optional fall laboratory rotations available August 26, 2019 to December 20, 2019.

Benefits
- $8000 stipend for Summer 2019
- $3000 stipend for optional Fall 2019
- Tuition assistance for core Agricultural Biosecurity Research Graduate Certificate courses taken at K-State during the Summer 2019 semester ($4,000)

Requirements and Qualifications
- Enroll and be accepted for the Agricultural Biosecurity Research Graduate Certificate program at K-State
- Hold U.S. citizenship

Application
